“We hope for two things,” says Svenja Massolle, Secretary of the TV Rodt-Müllenbach, giving an insight into her wishes for the third PFERD Tools Run. “We hope that the number of participants will near the 500 mark again and that the weather will be nicer than last year.” However, Svenja Massolle points out that the mediocre weather did not affect the popular run and adds, “Runners are weatherproof, and if the atmosphere is as good as it was at the last two PFERD Tools Runs, everybody will have a great time again.”

On 6 June 2019, many athletes will follow the different routes along and around the Brucher Reservoir in Marienheide again. “The 350-metre Pferdinand Run for the youngest participants will again start at the gym in Rodt at 5 pm this year,” says the Secretary of the TV Rodt-Müllenbach, “while the 10-kilometre main event will start on the banks of the Brucher at 6 pm, the fun run at 6.10 pm and the walking event at 6.15 pm. Both of these events are 4 kilometres in length.”

In addition to the individual classifications for the different races and the company award, there will also be a team classification again this year. With this classification, the organizers acknowledge that many clubs and running groups have already added the PFERD Tools Run to their running calendars.

“Regardless of the weather, we will provide water for the 10-kilometre runners after half of the distance,” says Massolle, describing the course of events. “And all runners will of course receive some well-deserved refreshments after they

have crossed the finish line.”

Anna Biesenbach, who works in Company Health Management at the title sponsor, PFERD Tools, August Rüggeberg, looks forward to the third PFERD Tools Run, too. “We are glad that ‘our’ run has already established itself within the running community because we and the organizers, TV Rodt-Müllenbach, work together very well,” explains the HR professional. “And an event like this also has very positive effects on our health management measures to help our employees maintain good health and increase their well-being.”

After the running events, the organizers will again hold a post-race party featuring snacks and cold drinks at the gym in Rodt. There will also be an awards ceremony for the individual winners of the different races and for the teams, and a raffle will offer the chance to win attractive prizes.

The proceeds from the entire event will again go to the TV Rodt-Müllenbach for the maintenance of their sports facility in Rodt.

You will find further information about the different events, the courses and registration at [www.pferd-werkzeugelauf.de](http://www.pferd-werkzeugelauf.de).
